DETAILED ACTION

Allowable Subject Matter

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The prior art does not disclose or suggest inter alia the limitations "...A fiber semiconductor laser source comprising: an optical pump source producing a pump laser output at a given wavelength, an optically pumped tunable VCSEL coupled with the optical pump source to receive a first portion of the pump laser output and, in response, provide an output, a fiber amplifier, and coupling optics coupled with the optical pump source, the VCSEL, and the fiber amplifier so as to receive and combine the VCSEL output and a second portion of the pump laser output, and provide the combined output to the fiber amplifier, whereby said VCSEL output is combined with a portion of the optical pump source not provided to the VCSEL".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
